

From bands to singer songwriters, Orchestras to soloists, pop vocalists to rappers, demos to broadcast quality singles, EPs or albums. With decades of combined experience in many genres, our in house engineers can guide you through the recording & production process. Claycastle Studio can also provide pre-recorded backing tracks for solo singers and groups that may not have their own music or backing band.

We also have experience in recording audio books, radio adverts, phone messages, pre-recorded tanoy announcements and sound effects.
